Dear Reader,

On behalf of the ANNA Board and Management team, we are pleased to share our latest newsletter with you. This edition is packed with exciting news and updates from ANNA and the world of digital asset identifiers!

First, we are excited to announce the launch of our new website, built with our community and users in mind to simplify the navigation and enhance the user experience.

In this edition we are delighted to bring you updates from our June General Meeting, and announce our recent A-Team group award win for 'Most Innovative Data Standards Initiative'. We also take a closer look at recent news from some of our ANNA members who, as National Numbering Agencies (NNAs), are at the heart of ANNA and work hard to drive standards globally.

We always welcome your thoughts and comments, so please do get in touch with us through the usual channels.

Best wishes,
Laura Stanley
ANNA Marketing Director

## Market Update

### Securities and Exchange Commission Philippines Joins ANNA

We would like to welcome the Securities and Exchange Commission, Philippines as a new ANNA Partner. ANNA’s membership continues to grow, with more than 120 global members and partners allocating ISIN, FISN and CFI codes for more than 200 jurisdictions. Currently, there are more than 85 million ISINs and related information available worldwide.

### The DSB Calls for Participation in Technology Advisory Committee

DSB welcomes membership applications from OTC-derivatives technology practitioners from a broad spectrum of institution types to contribute to technology governance matters, as well as respond to industry needs that arise through the DSB’s annual industry consultation process. The application deadline is 20th September.

### ISIN to LEI Mapping Initiative

We are pleased to welcome ASX of Australia to the ISIN:LEI mapping initiative. This initiative, in collaboration with Global Legal Entity Identifier Foundation (GLEIF), has been created to help improve the transparency of exposure by linking the issuer and issuance of securities.

### DSB publishes Final Report from UPI Legal Terms and Conditions Consultation

The Final Report focuses on the legal provisions and associated mechanisms to be
structural and process related to ensure that they are fit-for-purpose for both the OTC ISIN and UPI Services such that there is a Common Agreement. Industry feedback on the proposed DSB Agreement and DSB Policies is welcome, with any feedback to be submitted by 2 September 2022 via industry_consultation@anna-dsb.com.

DSB Monthly Metrics and FIRDS & FITRS Analysis
The DSB has published monthly metrics on the OTC derivative reference data creation and search trends as well as the Q2 FIRDS & FITRS Analysis.

Did You Know?

Did you know that the ANNA Service Bureau (ASB), provides a core service to all National Numbering Agencies (NNAs), serving as a central repository of ISIN and other standards data? When maintaining data standards globally and with more users of the ASB service, recent enhancements will give NNAs an improved user experience and more effective tools for data management, as well as the ability to deliver high quality reference data to market participants. With complex global markets and transaction volumes and associated risk ever present, improved data sharing via the ASB will continue to help market participants with data integrity.

For more information about the ASB, please visit: https://anna-web.org/about-the-anna-service-bureau/.
